COMPANY PRESENTATION

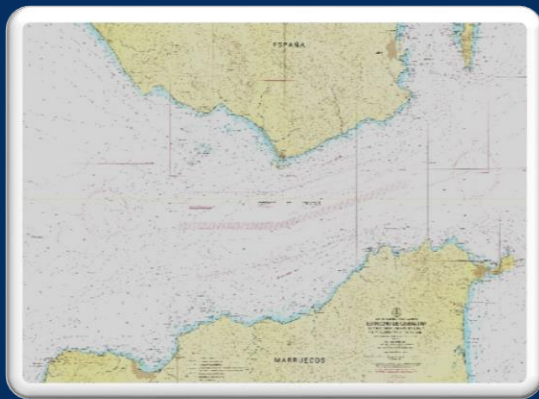

B.S. Shipping Group is a stable and consolidated company offering a wide variety of services related to international logistics and shipping experience in the international maritime field and a strong presence in the maritime market. Both offices Cabas Shipping International and Las Palmas Shipping International are united for rendering all services required.

We offer a wide range of services related to shipping to clients, principals and third parties concerned through each of its divisions, these divisions are naturally complementary and their aim is to cover all the requirements of the maritime market which we consider a part of the complete service we offer to our clients, all under the same roof.

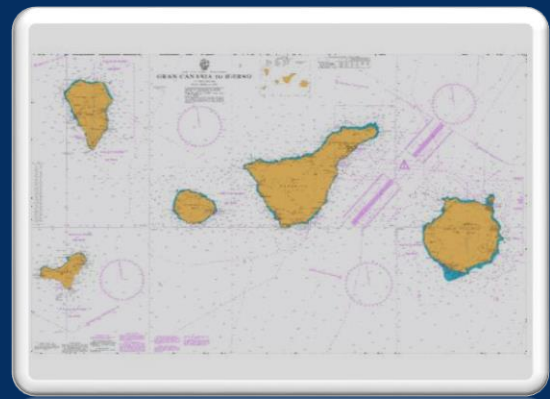

Our group is operating to ISO 14001:2004 & 9001:2008 quality standards certified by Lloyd's Register .

We have a wide portfolio of principals acting as general agent for several well known owners and charterers. We are directly presenting all the major trading ports of Spain, Algeciras being the Head Office, Ceuta, Las Palmas and Tenerife (Canary Islands), Gibraltar, Cartagena, which also covers the ports of El Ferrol, Cádiz, A Coruña, Huelva and Gijon.

At clients convenience and choice, all communications are channelled through our Head Office and passed on to the office concerned with a direct monitoring of all vessel's movements.

Logistics

In addition with ship agency, we have facilities for handling spare parts of any kind of weight, size and status, as we have our own office at Malaga Airport, arranging direct delivery to the vessel or destination at any point of Spain.

We are authorized for handling spare parts coming from any part of world without any restrictions. All shipments will be ready to be dispatched and delivery on board, avoiding stuck or retentions at customs and possible delays.

Among others, we offer you the following services:

- Airfreight
- Customs clearance & T-1 document
- Warehousing
- Transport and distribution with our own truck
- Reexpedition
- Direct on board delivery or any destination

We have the compromise to effect the delivery at destination the next day after arrived to Malaga airport or other airport like Gibraltar, Las Palmas, Tenerife, Madrid, Jerez & Seville, etc.

Due to usual delay with shipment's arrival directly to Ceuta by courier, where spares arrive very late than the expected, to avoid using a re-expedition, we offer the possibility to send any weight of spare parts to our office at Algeciras as we have a daily truck from monday to friday going to Ceuta by fast ferry, effecting the delivery there usually the same day, with any extra cost as only the custom clearance will be charged.

In case that a complete truck of spare parts arrives directly to our premises, we have a warehouse of 3.000 cbm and a professional staff available 24 hours a day for unloading all goods without delays and keep it here until vessel's arrival.

Specially for spare parts to be delivered on board vessels, the warehousing is totally free.

Once we have the spares in hand, any place of delivery is not an obstacle for us, having big experience on direct delivery every days on the following points:

- Algeciras Anchorage & Off Port Limits
- Maersk, TTIA & Acerinox Terminals
- Cepsa Refinery Terminal
- Cernaival Shipyard / Campamento berth
- Gibraltar Anchorage & Off Port Limits
- Las Palmas, Tenerife Ports & Off Port Limits
- Ceuta & Cartagena Ports

Bear in mind that we don't have to work with third parties, so the expenses will be the lowest possible, as usual.
